One Point Perspective Room Project

To start the project you will need to follow my guide lines:

Bedroom --

1. _____ Bed, pillow, blanket/sheets
2. _____ Side table
3. _____ Lamp
4. _____ Window with curtains or blinds
5. _____ Dresser with at least 5 drawers
6. _____ Closet Door
7. _____ Ceiling light
8. _____ Desk with computer/laptop and chair
9. _____ Bookcase with stuff on it
10. _____ 2 shelves with stuff on them
11. _____ Tiled or wood floor

Optional
12. _____ Other _____
13. _____ Other _____

Living Room --

1. _____ Sofa
2. _____ Chair
3. _____ Coffee table with stuff on it
4. _____ Television stand with drawers and tv on top
5. _____ Wall Art of famous painting...must be identifiable. Write name here _____
6. _____ Window with curtains or blinds
7. _____ 2 shelves with stuff on them
8. _____ Floor lamps and ceiling lights
9. _____ Opening into the room with a slight view into another room (continue the floor, table, etc)
10. _____ Some kind of plant in a vase
11. _____ Tiled or wood floor

Optional
12. _____ Fireplace with mantle shelf
13. _____ Other _____

Kitchen --

1. _____ Counters with kitchen sink
2. _____ Window with curtains or blinds
3. _____ Refrigerator with papers on it using magnets
4. _____ Oven with microwave on top
5. _____ Lower and upper cabinets
6. _____ Ceiling lights
7. _____ Table and chairs or countertop seating with stools
8. _____ Countertop stuff: Choose 3: coffee maker, mixer, bread box, small tv, plant, bowl of fruit
9. _____ 2 shelves with stuff on them
10. _____ Garbage can in an appropriate place (like it was meant to be there
11. _____ Tiled or wood floor

Optional
12. _____ Other _____
13. _____ Other _____

One Point Perspective Room Project: Set-up

1. Use 9inch by 12inch paper
2. Write your name on the back
3. Draw light because some of these lines will eventually be hidden by furniture and other stuff.
4. Use the requirement list to include the items
5. **ADD COLOR**

|	
	Add the vanishing point 1. 3 inches from the top 2. 4 inches from the right side of the paper
	Add the Orthogonal Lines 1. Starting at the Vanishing Point, draw lines to each corner
	Draw the back wall 1. Draw a line 2 inches from the top that is parallel from the top 2. Your line will stop when it meets the orthogonal lines 3. You will then draw vertical lines going down from the top intersection and stop at the bottom orthogonal lines (should be parallel to the sides of the paper 4. If it is done correctly, the bottom line of the back wall should be four inches above the bottom of the paper and parallel to the top line.
	Draw the flooring 1. Measure along the bottom, putting a small hash mark every half an inch. 2. Connect those hash marks to the Vanishing Point. 3. Add horizontal lines to simulate wood flooring 4. If you want to simulate 1 foot tiles, those horizontal lines should be closer together.

One Point Perspective Room Project: Samples

One Point Perspective Room Project: Rubric

Name   Date Completed   On Time Yes or No

	4 All	3 Most	2 Some	1 Few	0 Missing or many errors
Use of Perspective: Lines: **Lines are straight and crisp where needed**					
Use of Perspective: Use of Vanishing Point: **Objects are taken to proper vanishing point**					
Use of Perspective: Parallel/ Perpendicular lines: **Parallel/ Perpendicular lines are correct**					
Color	Adding varied value to all objects with thought to the origin of the light source	Adding varied value to most objects some thought of the light source	Adding color with varied value with no thought to the light source	Coloring the image in a solid color	No color
	4	3	2	1	
Details	**Highly** detailed drawing	**Considerably** detailed drawing	**Somewhat** detailed drawing	**Little or no details** in drawing	
Craftsmanship/ Quality/ Overall project	Work done with **exceptional** care and attention to details and neatness. Shows **exceptional** growth in skills and technique	Work done with **good** care and attention to details and neatness. Shows **good** growth in skills and technique	Work done with **basic** care and attention to details and neatness. Shows **basic** growth in skills and technique	Work done with **minimal** care and attention to details and neatness. Shows **minimal** growth in skills and technique	

Total Project Points _____ / 24 = _____ x 100 = _____ % (Your grade out of 100)

	31-40 Points	21-30 Points	11-20 Points	0-10 Points
Use of class time Cell phone, tardies, unexcused absences, on/off task time				

Total Participation Points _____ / 40
Copying from the internet or another student will result in an automatic zero on the project
